Welcome to the Faculty of Graduate Studies at the University of Calgary!
We’re excited that you’re coming to study with us and want to take the opportunity to connect with you now, before you get into the full swing of summer.

This is GRADgreet
You’ll get this newsletter once every month over the summer. This newsletter is our main way of getting in touch with you to announce important opportunities like scholarships, workshops, policies, and special events. We do our best to keep the information relevant, so please take a moment look at it when it shows up in your inbox.

Make sure your preferred email address is updated in your Student Centre account. Log in to MyUofC to let us know which email address you want us to use for all faculty communications.

Congratulations, you’ve been admitted! Now what?
Have a look through our Guide for Newly Admitted Students. This document will walk you through the steps you need to take after admission. It also provides a list of links to help you connect with other resources and groups around campus.

Also, be sure to check out our website to learn a bit more about our faculty, note important dates, research awards, or contact one of our staff.

Getting started in your Graduate Career
Schedule Friday, September 5 in your calendar as your first steps as a graduate student at the University of Calgary. This is our Graduate Student Orientation (Grad O), a full day filled with interesting and useful sessions to help you start off on the right foot. Faculty, staff, and current students will be on hand to answer your questions.

International Student Orientation will be on September 4. More information and registration details will be available soon.

Tell us the information you want to know about at Grad O by emailing us at grado@ucalgary.ca.
