Tuition Fees
The provincial government made an announcement on April 11, 2013 that the tuition fees at all post-secondary institutions in Alberta will be frozen.

As we do not yet know the full implications of this, the 2013/14 fees on our website have been taken down and replaced with a note that fees are currently being reviewed in light of the provincial government announcement.

Payment Plans have also been taken down and will not be processed until we have further details.
