Spring Fees
- All graduate students are registered for 12 months and general fees are assessed in the Fall, Winter and Spring terms of the 12 month registration year regardless of whether you are taking a course in that term or not. The Faculty of Graduate Studies switched to a term by term General Fee assessment two years ago, (rather than charging the full amount in the first registration term) to allow students to pay most of their general fees on a ‘pay as you go’ basis, (with the exception of the Graduate Students’ Association fee and Graduate Student Health and Dental plans, which are administered through the GSA office).
- Students in a Masters thesis or Doctoral program will also be assessed a program fee in the Spring and Summer term. See our website for more details on fees.
- If you are registered full-time, your assessment will include a charge for the Grad UPASS (Transit Pass) for the Spring and Summer 2014 session, which you can pick up from the Campus Ticket Centre.

Graduate Student Payment Plans
Graduate Student Payment Plans are available for Spring and Summer.

Reduced Fall Fees
Students with candidacy exams completed before August 30, 2014 will have reduced fees for September.

New UCalgary Funding Calendar
Research Services has developed a new, more user-friendly Funding Calendar. A user guide is available. In addition, Funding Opportunities will now be communicated on Tuesday’s and Thursday’s, via research@ucalgary.ca.
