Spring Fees
• All graduate students are registered for 12 months and general fees are assessed in the Fall, Winter and Spring terms of the 12 month registration year regardless of whether you are taking a course in that term or not. FGS switched to a term by term General Fee assessment two years ago, (rather than charging the full amount in the first registration term) to allow students to pay most of their general fees on a ‘pay as you go’ basis, (with the exception of the Graduate Students’ Association fee and Graduate Student Health and Dental plans, which are administered through the GSA office).
• Students in a Masters thesis or Doctoral program will also be assessed a program fee in the Spring and Summer term. See our website for more details on fees.
• If you are registered full-time, your assessment will include a charge for the Grad UPASS (Transit Pass) for the Spring and Summer 2014 session, which you can pick up from the Campus Ticket Centre.

Graduate Registration
Students are now able to activate their Fall registration. This will allow them to view their fees and print enrolment verification letters with fees. Course registration begins May 28, 2014.

Graduate Student Payment Plans
Graduate Student Payment Plans are available for Spring and Summer. If students activate their Fall registration they can apply for a 12 month payment plan.
